

Lawful Chastisement

LSCB - “Practice Points” Learning Scenarios

To be discussed in Team/Group Sessions – 15 minute discussion

The LSCB Learning & Development subcommittee invite you, in team meetings or during group supervision, up to four times a year to discuss a child safeguarding issue. We encourage responses to be included in your team minutes and forwarded to the safeguarding lead within your organisation.

We hope that this is a way in which frontline staff across the city can explore some areas of learning without the need to attend formal training. It should also highlight areas of further learning.

We are happy to provide assistance with access to relevant learning materials

Consider the following question, and discuss.....

Anna Chan is aged ten and from a Chinese family. Today she was very upset. She tells you that her dad often hits her mother. Last night her father made her stand on one leg as a punishment for 20 minutes. He also threw the Hoover at her, because her school grades have dropped. She says he also hits her 6yr old sibling; he is head of the family so it is “done that way”

What would you do to assist this young person?

Points for discussion:

How would you progress this matter?

What further information would you like from the mother or child?

Would you advise the family of your concerns?

How would you assess this risk?

Do you require any further information from other agencies and how might you obtain this?

What is your role in this situation?

If you are leading this discussion here is information for you to investigate to assist with the discussion:
