

# Child Sexual Abuse

## LSCB - “Practice Points” Learning Scenarios

To be discussed in Team/Group Sessions – 15 minute discussion

The LSCB Learning & Development subcommittee invite you, in team meetings or during group supervision, up to four times a year to discuss a child safeguarding issue. We encourage responses to be included in your team minutes and forwarded to the safeguarding lead within your organisation.

We hope that this is a way in which frontline staff across the city can explore some areas of learning without the need to attend formal training. It should also highlight areas of further learning.

We are happy to provide assistance with access to relevant learning materials

Consider the following question, and discuss.....

You are working in your office when a male child aged 10yrs, comes to the door asking if he can talk to you. He says that his mother has a new friend, and that this man, keeps coming into his bedroom at night and touches him, in places that he shouldn't.

What would you do to assist this young person and or his family?

**Points for discussion:**

How would you progress this matter?

What further information would you like from the family or child/young person?

Would you advise the family of your concerns?

How would you assess this risk?

Do you require any further information from other agencies and how might you obtain this?

What is your role in this situation?
