## LSCB - “Practice Points” Learning Scenarios

### To be discussed in Team/Group Sessions – 15 minute discussion

The LSCB Learning & Development subcommittee invite you, in team meetings or during group supervision, up to four times a year to discuss a child safeguarding issue. We encourage responses to be included in your team minutes and forwarded to the safeguarding lead within your organisation.

We hope that this is a way in which frontline staff across the city can explore some areas of learning without the need to attend formal training. It should also highlight areas of further learning.

We are happy to provide assistance with access to relevant learning materials

Consider the following question, and discuss.....

Delores 17yrs old, has recently started bringing two children to school, she has told other mothers that she is the new au pair at an address nearby. When asked where she comes from, she is reluctant to provide detail. The mother of the children was overheard to say “let me remind you, that you are ours, we were given your documents to look after, and will keep them safe”

**What would you do to assist this young person?**

**Points for discussion:**

How would you progress this matter?

What further information would you like from the mother or young person?

Would you advise the family of your concerns?

How would you assess this risk?

Do you require any further information from other agencies and how might you obtain this?

What is your role in this situation?

If you are leading this discussion here is information for you to investigate to assist with the discussion:

There may be other information available, and links to these maybe held within the information below.....
